Entitled:_____

Upon acceptance by the Journal of Clinical Neurology, all copyright ownership for the above-named paper is transferred to the Korean Neurological Association.

We, the undersigned coauthors of this paper, have contributed to (1) data design, analysis, or interpretation, and (2) writing or critiquing drafts of the manuscript, and we approve the submitted version of the manuscript. We declare that this paper has not been published elsewhere in whole or in part in any language (except in abstract form). We are jointly responsible for the release of any or all of the material contained within the paper.

We declare that we obtained patient consent-to-disclose forms for any figures of identifiable patients and edited out any names mentioned in the recording. The consent form indicated specific use (reproduction in the medical literature in print and online, with the understanding that patients and the public will have access) of the patient's medical information and any images and contained the patient's signature or that of a legal guardian.

We also declare that research involving human subjects was performed in compliance with the principles of the Declaration of Helsinki (2008), and that involving animals was approved by the applicable institutional ethics committee or review board and conformed with generally accepted guidelines governing such work.

We further attest that we have herein disclosed any and all financial and other relationships that could be construed as conflicts of interest, and that all sources of financial support for this study are disclosed in the manuscript.
